

# Our Community Programs

## ...making a difference

Issue 1  
March 2008

Epic Energy applauds the role of the dedicated volunteers and community organisations who work tirelessly to make a difference in the community and we are proud to support their efforts.

### Peterborough Art Prize

The Peterborough Art Prize Committee runs an Annual Art Prize which attracts entrants from all over Australia. The exhibition of around 500 pieces of art and photography is held over a ten day period incorporating Easter. The profits from the exhibition run the Peterborough Regional Art Centre for twelve months.

Epic Energy's sponsorship of the Senior Student First Prize was awarded to Jessica Scholich for her painting in oil, "A Girl's Perspective."

We congratulate Jessica on her stunning painting. The quality of works entered in all categories was exceptional.

For more information on the Peterborough Art Prize and exhibition, visit their website at [www.prac.org.au](http://www.prac.org.au).

### Jamestown-Peterborough Football and Netball Clubs

Our donation of an electronic netball scoreboard for the "Big Shed" Sports Stadium fits well with our philosophy of supporting youth and providing long lasting benefits for the wider community.

Not only does this world class facility house netball and basketball courts but a cricket centre as well!

Located at Jamestown in South Australia, the "Big Shed" can host state level competitions and is widely used by local and regional teams from all over the mid north.

### Eromanga District Community Association

A donation to the Eromanga District Community Association in South West Queensland funded two of the association's recent projects.

Gym equipment purchased is contributing to a healthy community.

A BBQ Kitchen Unit has provided a valuable community resource for fundraising events. Amongst its users are the RFDS, School P & C Association and the CWA.

### Country Fire Service

Epic Energy has supported the Country Fire Service for many years. We believe the CFS plays a vital role in our regional communities and we're pleased to support the efforts of the volunteers in those communities.

The Mintaro CFS used our funding to purchase a fridge for the brigade's fire truck to hold cold drinking water.

### Wallumbilla Speech Night

It was encouraging to hear from Laura Howse, a Year 10 student from Wallumbilla State School, that our sponsorships do make a difference.

Laura was awarded the Character & Leadership and Most Industrious Awards at the 2007 Wallumbilla Speech Night.

Congratulations, Laura! We wish you every success in your future studies.
