

**Epic Energy - A leading energy infrastructure business delivering excellence, innovative solutions, safety and value to our stakeholders**

## **Manager, Human Resources**

Epic Energy is a leading energy infrastructure business delivering excellence, innovative solutions, safety and value to our stakeholders. It is the owner/operator of the Moomba to Adelaide Pipeline and the South East Pipeline in SA.

A rare and exciting opportunity reporting to the CEO has opened up for an experienced Human Resource Manager with a proven track record of providing exceptional People and Cultural related services. The role is responsible for driving the strategic direction of the HR functions business wide and the subsequent implementation.

The role requires an energetic, dynamic individual with exceptional communication skills and a willingness to embrace change. Experience in leading, developing and providing guidance and support to leaders within the business, workforce planning and reporting, training and development oversight, industrial and employee relations, performance management and conduct, policy establishment, payroll and recruitment processes are crucial elements of the areas of responsibility..

### **You will require the following key attributes:**

- Team focussed and output driven
- Exceptional communicator
- Proven experience at a manager level, within a small to medium organisation
- Leading the training development function of all staff
- Ability to work autonomously and be accessible to all staff
- Customer focused and ability to work as part of a dynamic team
- Willingness to travel to engage with staff at all levels in the business

### **You will possess the following skills and attributes:**

- Tertiary qualification in Human Resources
- 10+ years' experience in human resource management

Within *OUR EPIC* we value: *Owning our responsibilities, Uncompromising safety, Reliability, Excellence, Performance, Integrity and honesty, and Customer-focused innovation.* If you are strong at building positive relationships with all stakeholders and think you have what it takes to own this role with full commitment then we encourage you to consider this rare and exciting opportunity.

A suitable remuneration package will be offered to attract a higher calibre, like minded candidate who believes in our values. A detailed Position Description is available via our website [www.epicenergy.com.au](http://www.epicenergy.com.au)

Please submit your covering letter and resume by **COB 14 November 2014**. All applications are to be submitted via seek (*not the email address below*).
